

7th Ave. Church
Built by the people ~ Est. 1913

AN INVITATION TO GIVE

We understand that this will require equal sacrifice, but not equal gifts. Here is how we envision spreading out the cost of this \$700,000 project.

To be fulfilled over a 3-year pledge:

- 7 lead gifts \$20,000-\$75,000+
- 17 advanced gifts \$12,000-\$18,000
- 40+ gifts \$1,000-\$10,000

The invitation is simple. We invite you to prayerfully discern: *God, how can I joyfully & generously participate?*

HIS TABLE
our home

welcomed | renewed | sent

HIS TABLE

Advent was planted thirteen years ago, and through the years thousands of sinners have been welcomed with grace at his table. The spiritually hungry and weak have been renewed in his strength. Ordinary people have been sent on his mission. This has only happened by God's grace and by so many who have been faithful to generously support our mission. Our vision now is to build on our already beautiful legacy, flourishing into another decade of receiving and reorienting everything around life in Christ: Our hearts, our resources, and our home. As many churches close their doors or wander from Christlikeness, we seek to be a grounded, authentic, flourishing, faithful, and sincerely loving body of Christ – a thriving church bringing glory to God, bearing credible witness to our neighbors, and bringing blessing to our city for decades to come. We invite you to be a part of this future.

our home

WELCOMED

We want to build a small addition to our building to ensure that all, young & old, strong & weak, everyone, can be welcomed to his table, our home. This addition will include a lift and renovated stairs, improving safety for the mobility impaired, our elders, our kids, and our honored guests from the community. *We envision a future* where our home is not a significant barrier or danger for welcoming God's people of all ages and physical conditions to his table.

RENEWED

Around the Lord's table we receive him in Spirit, word, and sacrament, and so we are renewed (2 Cor 5:17). We desire our home to participate in this renewal as a testament to what God does in and through his people. We will build into this legacy by investing in urgent safety and maintenance items (stained glass, brick work, electrical & plumbing upgrades, HVAC, etc.) and

a host of other building use and beautification improvements:

- a new ground-level 7th avenue entrance with welcoming vestibule
- two new accessible upstairs restrooms
- remodeled downstairs restrooms
- a prayer room
- increased parish hall space
- vastly improved access to a revamped playground

We envision a future where our home endures for centuries as a beautifully renewed sacred space where sons and daughters marry, children are baptized, and elders are laid to rest.

SENT

Feasting at his table ends in being sent to share renewal with his world. We want to grow into generous support of God's mission by giving away 15% of our annual budget, shared across our diocesan tithe, regional church planting, and local and international mission. *We envision a future* where we grow into more and more generous and servant-hearted disciples of Jesus.
